South Sanpete School District COVID-19 Safety Measures

Personal Protective Equipment
1. Reusable and disposable masks for students, if needed.
2. N-95 masks for teachers and staff who need them.
3. Face shields for all teachers.

Hygiene/Sanitization
1. Sanitizing stations and/or hand sanitizer at each entry to buildings, and hand sanitizer will be available in front of every classroom.
2. Checked and changed filters on ventilation systems and will perform frequent maintenance on units.
3. Will sanitize buses daily and high touch points frequently.
4. Will encourage the use of personal water bottles. Drinking fountains will be turned off for now.
5. Books returned to libraries will be sanitized and have a waiting period before being re-shelved.

Training
1. Safety training for staff members before students return to school.
2. Custodial staff will be trained to sanitize schools and classrooms frequently.
3. Students will receive safety training during the first days of school.
4. Signage posted in all schools to remind and encourage virus safety measures.

Social Distancing/Contact Tracing Measures
1. Signage for designated entrances and exits, and flow.
2. Assigned seats and maximized space between the desks or tables.
3. Students use the lunchroom, auditoriums, gyms, classrooms, & outdoors to social distance.
4. Assigned seats on buses, seat siblings together, and require masks on buses.
5. Designated restrooms for specific class groups.
6. Trips, in-person assemblies, or large gatherings will be discouraged.
7. Sports teams will compete and will follow the UHSAA safety guidelines.
8. Schools won’t be open to outside group usage.

Social and Emotional Health
1. Student support team available to address social and emotional health concerns.
